The Science and Practice of Therapy

Thursday, January 20, 2011

10:30 AM–11:45 AM, SS 347

In a 75 minute, largely Q&A format, Drs. Kay and Abel will discuss the science and practice of therapy, describe their career path to becoming therapists, and provide an insider's guide to being a therapist and the process of healing.

Everyone interested in learning about the helping professions and career paths into the profession is invited and encouraged to attend.
