

Withdrawals and Incompletes

For information on Withdrawals and Incompletes, see the Weber State University student policies.

Cheating

Cheating of course will not be tolerated, and anyone caught cheating will automatically fail the course and will be referred to the dean of students. You will take all quizzes and exams with your notes and text closed.

Materials

The required text for this course is the Clinical Atlases of Polysomnography, volumes 1 and 2, by Nic Butkov. The ISBN's for these books, as well as possible locations for purchase, will be discussed in the first day of class. Other suggested readings are listed at the end of the syllabus.

Student Feedback

Please discuss with the instructor any questions or comments you may have throughout the semester. I would like to get to know each one of you if possible, and I welcome suggestions as to how to improve this course. If you email me, I will try to return your emails as quickly as possible. Although it may depend on how busy I am, in most cases I should be able to return your emails within 24 hours.

Class Schedule

The class is outlined as follows:

Monday, Aug 27	Introductions, syllabus, explanation of the course, introduction to polysomnography
