Dear Dr. Bergeson,

We have become aware of the plans that the Department of Foreign Languages at Weber State University has for proposing a certificate program in Spanish and Commercial Spanish.

We believe that these programs will be of interest and use to our employees and to others who interact with our personnel and patients at McKay-Dee Hospital. The ability to use Spanish is increasingly important in our dealings with the public. The ability for students, employees and others to get a WSU certificate degree that will reflect their interest in Spanish and certify a reasonable level of fluency in the language is something that we support.

We hope that the Spanish Certificate program is approved.

Sincerely,

A handwritten signature in blue ink that reads "Bridgette F. Baker, LCSW".
