From: Dr. Brian Rague, Chair, Dept. of Computer Science
Re: Network Management Technology Major
Date: December 11, 2014

The Computer Science (CS) department has reviewed and fully supports the revised Network Management Technology Major. CS will be able to support the following additional two courses required by the major:

CS 2130 Computational Structures
CS 4740 Security Vulnerabilities and Attack Prevention

Signed,

Brian Rague
