Hi, Stephanie. I have absolutely no objection to your new course. In HIST 4610, have three credit hours to do all of African history (ha!) and so I have only the briefest segment on the Rwanda-Burundi mess of the 1990s. I am delighted to see you offer this course. It looks fascinating, cogent, and powerful. I hope this note will suffice during the curriculum process as an indication of my full support and complete lack of objection to POLS 4870 as a new course.

Gene
