Complete Problem Definition. Including figures, graphs, schematics, etc. May be copied directly from the assignment.

Leave some space between definition and solution

Show Problem Solution.

SHOW ALL WORK

Separate parts with one line

Separate problems with a double line.

Repeat the above format for all remaining problems.

NOTES:

1. Use only one side of engineering paper [E-2].
2. Staple multiple pages.
3. Number all pages (page # / of #).
4. You can work more than one problem per page if space is available.
5. Use PENCIL and eraser.
6. PRINT, no script. All printing must be neat and horizontal.
7. Each problem definition should have all pertinent information required to understand the problem without referring to the textbook.
8. Organize your solution so that it can be easily followed.
