## Descriptors for Bloom’s Taxonomy

### Evaluation

- argue
- evaluate
- rank
- rate
- criticize or critique
- grade
- assess
- defend
- judge or justify
- interpret

### Synthesis

- create
- devise
- invent
- prescribe
- combine
- organize
- build
- predict
- design
- produce and present
- imagine
- generalize

### Analysis

- compare and contrast
- form generalizations
- infer
- diagram
- deduce
- discover
- uncover
- determine
- draw conclusions
- examine
- formulate
- analyze

### Application

- apply
- demonstrate
- practice
- solve
- collect information
- experiment
- model
- recognize
- construct
- perform
- put to use

### Comprehension

- summarize
- explain
- conclude
- express in other terms
- describe
- give examples
- generalize
- rewrite, reword, retell or restate
- tell in your own words
- show
- recognize

### Knowledge

- list
- record
- find
- recall
- match
- who, what, when, where
- label
- define
- identify
- name
- write
