SSD Statement: Any student requiring accommodations or services due to a disability must contact Services for Students with Disabilities (SSD) in room 181 of the Student Services Center, 626-6413 at the Ogden Campus. SSD can also arrange to provide course materials (including this syllabus) in alternate formats if necessary.

Academic Integrity: The work you submit is expected to be the result of your individual effort. You are encouraged to study together and discuss information and concepts covered in class with other students and tutors. Should this occur, any student involved will receive a zero for the assignment. Penalty for violation of this code can also be extended to include failure of the course and University disciplinary action.

During examinations, you must do your own work. Talking or discussion is not permitted during the examinations, nor may you compare papers, copy from others, or collaborate in any way. Any collaborative behavior during the examinations will result in the failure of the exam, and may lead to failure of the course and University disciplinary action.
